

Summary of Sports Premium Spending 2016-17

The quality of P.E has improved in school over the last year and now plays a larger role in the lives of many of our pupils through their membership of afterschool clubs competitions and activities at lunch time.

The following describes the ways in which the Sports Premium has been used to enhance Sporting Provision in school.

Curriculum

As with the previous academic year, focus has been given to ensuring staff subject knowledge is of a good standard. During the previous academic year, money was spent on coaches in various sports to upskill the staff and at the same time give the children the best possible opportunities for learning. This has continued in Football, however this year I have wanted to see the staff take more responsibility for teaching their own lessons in full, so that the impact of previous coaching could be observed. This has meant that I have dropped into lessons to observe practice and also acted as a coach myself to give ideas and support to staff when needed. I am pleased with the overall teaching of PE within school and feel children are given a broad and varied curriculum of activities which gives all children opportunities to shine.

In addition, the school received a substantial Sports Grant separate to the Sports Premium which has been used to provide some fantastic sporting opportunities for the children throughout the year and has improved the facilities on offer at the school. For this reason, spending of the Sports Premium has been deferred in part until the next academic year. Although the school receives a large amount of money from the Sports Premium, it has always been our policy to budget this money to ensure it is spent most effectively.

Spending from Sports Premium

Provision

KS1 and 2 Summer Sports Days (September 2016)

At the end of the summer holidays I delivered Summer Sports Days. I was supported by Neil Kelsey, and Key Stage 1 and 2 children were offered the chance to take part in Sports Days before they came back to school. The intention was to get children active during their summer holidays and also provide the children with the opportunity to sample different sports they would be covering when they returned to school. The sessions were offered to the children free of charge. With Neil's support children were given highly focused skills training, in a fun and stimulating atmosphere.

All children who participated had a great time and improved their skills in a number of sports.

Coaching in School

Children across the school have enjoyed football coaching from Goals football centre. This is a well established link which continues to provide the children with a great opportunity to play football in a safe environment. Staff have worked alongside the coaches to develop their knowledge and improve outcomes for the children.

Sports Day

Following the success of last year's Sports Day at Pelican Park, we have booked again for this year. Improved facilities at the venue promise to make this an even better day this year.

Girls Tennis event

All girls from Key Stage 2 enjoyed a tennis competition at Pelican Park. The afternoon was led by staff from Pelican Park and proved very enjoyable for all the children.

Resources

Simple resources needed to keep the standards in PE to a high level have been replenished.

A gymnastics scheme was bought for both Key Stages to supplement teaching.

Activities using additional grant

Resourcing

The playground has received new marking for the first time in many years. These were expensive, but give a much more defined space to teach PE. In addition, special warm up markings have been added which allow for group circuit training and this has great potential for the start of any lesson.

Afterschool clubs

Throughout the Autumn term, 2 coaches provided an afterschool Multisports club for children from Year 1 to 6. This was a highly popular club which remained in place for 13 weeks.

In the Spring term, a separate coach was sourced to provide an afterschool gymnastics club. This again proved popular and gave opportunities for children from Years 2 to 6 to take part.

Nottingham trip

All children from Years 3 to 6 were taken to Nottingham for the day. During their time there, they visited the grounds of Nottingham Forest, Notts County, met previous and current players and managers and trained on the clubs pitches under the tuition of club coaches. Every child had a wonderful experience.

Future spending

Money remaining from Sports Premium budget has been carried forward to the next academic year.

Appendix 1 Sporting involvement and success

The school has entered a number of sporting competitions since September and enjoyed good levels of success.

Year 2/3 Football (Dec 2015) - Children won 4 out of 7 games

Year 4 Football (Nov 2015) – Children won all games and have qualified for the next stages

Year 5 Football (Dec 2015) - Children won all games and have qualified for the next stages

Year 6 Football (Jan 2016) – Children won 2 and lost 2

Year 6 Basketball (Oct 2015, Dec 2015) – Children have played 8 games, losing only 1 and have been seeded 2nd in the competition

Year 6 Dodgeball (Jan 2016) – Children won 3 and lost 2 matches
